

LETOURNEAU

A Keppel Company

**Field
Services**

BUILT on experience DRIVEN by vision

1ST WORLDWIDE

Throughout the world, we are the longest standing offshore and field service company, with more rig repair experience than anyone else on the globe.

PROVEN TRACK RECORD

At Keppel LeTourneau, we understand the need for rigs to run reliably and efficiently to capitalize on your investment. Our knowledgeable field service technicians can be quickly deployed to resolve rig issues, whether structural, mechanical, electrical or software-related.

From repairing severely damaged rigs to upgrading your rigs assets, we are equipped with the experience and expertise to meet your everyday needs. We offer a broad range of services including but not limited to the following:

- Installation and Commissioning
- Repair and Overhaul
- Inspection and Testing
- Upgrades and Maintenance

50+

COUNTRIES

Keppel LeTourneau Service Group, in the U.S. and around the globe, has over 65 years of service experience in rig fabrication, upgrades, maintenance, and repair. Our key locations of service include the Middle East and Gulf of Mexico.

20,000 JOBS

Over 20,000 service jobs have been undertaken by Keppel LeTourneau since 1955. We have had the honor of working with over 70 major drilling contractors and shipyards in the last 6 decades.

RAPID SUPPORT

Responding to the needs of the industry, we work closely with drilling contractors to customize solutions that ensure fast turnarounds and minimum downtime.

Our global network of engineers and field service technicians are able to provide both on-site OEM support, as well as remote solutions.
